

## Child Development – Subject Preparation Project – Year 8

Jenny is currently pregnant with her first baby. She has been told about the different health professionals she will come in to contact with during her pregnancy, labour and birth, and also in the weeks after the delivery of her baby.

She is unsure of the role that each of these health professionals play and the service they will provide her, the baby and possibly her partner and family.

### Your Task:

*Research the following job roles and explain the role they will play during Jenny's pregnancy, birth and in the weeks after the birth.*

Job	The role that they play?
Midwife	
Obstetrician	
Anaesthetist	
Gynaecologist	
Health Visitor	
Infant Feeding consultant
