

# Year 10 Summer Project: Find 3 artist who.....

This is an AQA project where students will produce a resource page based on artists' materials and techniques. Students will be able to analyse and explain their choices showing a clear link to and take inspiration from the work of others. Research work will be completed over the summer and a development piece will be completed on paper at the start of year 10					
ASSESSMENT FOR LEARNING		SMSC/NUMERACY/LITERACY Opportunities		AREAS COVERED	
<p>Assessment in this unit will be developed in a number of ways:</p> <p><b>Teacher Assessments:</b> Students will be provided regular feedback for work to allow students to revisit and refine work that has been completed. This will be through sketchbook checks using the student checklist and school marking scheme, individual and group discussions - [Formative]. Students completed project will be assessed using the KS3 level descriptors. - [Summative].</p> <p><b>Peer Assessment:</b> Students will develop techniques in assessing the work of their peers, to allow for peer mentoring skills and developing a deeper knowledge of the assessment and/or learning requirements. Students will feedback using verbal communication.</p> <p><b>Self-Assessment:</b> Students will develop skills in assessing their own ability with the aim to improve attainment.</p> <p><b>Targeted Questioning:</b> This will be a constant process throughout the unit of work, to enable all learners to evidence understanding of their knowledge, skills and understanding.</p> <p><b>RAG:</b> used to regularly check understanding of tasks at various stages. Students will be encouraged to seek support from peers that are confident with the task, to use the Q&amp;A PowerPoint &amp; refer to any worksheets.</p>		<p>SMSC - group discussions and evaluations, group work.</p> <p>NUMERACY - Scale, measurements,</p> <p>LITERACY - Discussion, evaluation, annotation, targeted questioning, looking and evaluating artists work, group presentations.</p>		Drawing	<b>Artist Research</b>
