

15th October 2025

Dear Parents and Carers,

Sparx Math for all Homework

We are writing to inform you that from this term Blacon High School will be using Sparx Maths for all homework, instead of Mathswatch

<https://sparxmaths.com/>

Sparx is an online maths homework platform that supports students in practising the skills they are learning in class. Students will need to log in using their Google Classroom username and password. When they visit the Sparx website, they should click on the blue button that says “Log in to Sparx using Google”.

Homework will be set each week and is due in on Thursday of Week 1. It is important that students complete their work on time so they can keep up with their learning and receive the most benefit from the programme.

If you have any questions or need further support with Sparx Maths, please do not hesitate to contact the Maths department.

Thank you for your continued support.

Yours sincerely,

Josh Slade

Head of Faculty: Maths, Business, Computer Science & I-Media
