### **Lexia Reading Intervention**

Dear Parents and Carers,

As part of our ongoing commitment to ensuring that every student achieves their full potential in their upcoming GCSE exams, we are running targeted intervention sessions for English. Your child has been identified as someone who would benefit from this additional support, prior to their exams.

The Lexia programme is an online resource that develops key areas such as reading comprehension, word study and grammar, all of which are essential skills to underpin success in the English Language and Literature GCSEs. In order to be able to offer this additional support, in the short term, we will be temporarily withdrawing your child from some Core PE and/or RE lessons in order for them to attend.

Our school fully recognises the importance of children engaging in the full curriculum, so we will ensure that your child still continues to receive regular access all subjects. However, we believe that this short-term adjustment will be extremely beneficial for your child at a crucial time in their education.

If you have any questions or concerns regarding this intervention, please do not hesitate to contact school in order to discuss this further.

Thank you for your continued support.

Yours sincerely,

David Stockdale

Senior Leader
