

20th April 2026

Dear Parents and Carers,

We have been invited to take part in an 'Equality, Diversity and Inclusion' conference on Wednesday 22nd April at Chester University.

This is a fantastic opportunity that offers students a chance to share their opinion on key issues affecting young people in our community. Students will listen to some presentations and will be among representatives from five other secondary schools in the local authority.

We will be leaving school at 8.45am and expect to be back at school at around 12.15pm. Students will be transported to and from the venue on the school minibus. They do not need any additional equipment.

Your child has been approached and has indicated that they are happy to attend.

Please confirm that your child has permission to attend.

Many thanks

David Stockdale

Senior Leader
