

16th September 2026

Dear Parent/Carer,

Request for Updated Medical and Disability Information

As part of our ongoing commitment to supporting the health, wellbeing and educational needs of all our pupils, we are reviewing the medical and disability information we currently hold for students at Blacon High School.

We would be grateful if you could provide us with any **information about your child's medical conditions, disabilities, diagnoses or health needs** that may affect them in school. This is a new style of form that is in addition to your intake form, therefore, please can I ask that you complete this so we can be sure we have the most up to date information to enable us to meet your child's needs.

It is particularly important that we are made aware of:

- Any medical conditions, disabilities or diagnoses.
- Any medication or medical treatment we need to be aware of, including any advice and recommendations from professionals

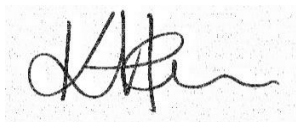

Please be assured that any information you provide will be treated sensitively and shared only with relevant staff where necessary to ensure your child receives appropriate support and reasonable adjustments.

Keeping this information up to date is important as it enables us to ensure that our Special Educational Needs and Disability (SEND) records, medical and healthcare plans, and risk assessments accurately reflect your child's current needs.

Please return the completed information by the 23rd September 2026 via the Microsoft Forms or if you are unable to access this, please request a paper copy from reception. If you would like to discuss your child's needs, or are unsure whether particular information is relevant, please do not hesitate to contact me on the number below, or email sendco@blaconhigh.cheshire.sch.uk.

Thank you for your continued support, and for helping us to ensure that we can provide the best possible support for your child.

Yours sincerely,

Mrs Kate Henshall

SENDCo
